Classroom Management

Professional Development: Teaching Artist Training

LBC is offering a special one-time training focused specifically on classroom management for teaching artists. Success in a classroom relies on a foundation of solid classroom management practices. Learn proven methods, perfect for classroom teaching artists with any level of experience. Led by Kennedy Center Teaching Artist Sean Layne, this half-day workshop will focus on approaches that build community and create a safe and engaging learning environment.

“We are excited to provide this training that provides critical skills needed to foster and support a productive learning environment for students,” says Director of Education and Community Engagement, Ashleigh Worley. “Student learning begins with a safe, organized, and dynamic classroom.”

Subscribing Has Its Perks!

Clover Sonoma Family Fun Subscribers
Enjoy an Insider’s Look at LBC

Recently, LBC welcomed 25 subscribers to our Clover Sonoma Family Fun Series for awesome theatre games, a sneak peek at next year's line-up, and a look backstage. We had a blast!

LBC presents six performances each year in our family series, giving the joy of live theatre to over 7,000 children and their family members. Beloved books come to life, cultural traditions take shape, and favorite characters command the stage as families spend priceless quality time together. Add in free crafts, a sample of Cold Stone ice cream cake, a slice of Mary's pizza and a hug from Clo the Cow, and it can’t get much better—unless you’re a series subscriber!

Not only do Family Fun Series Subscribers have their own VIP passes, special meet-and-greet opportunities, and the same seats for every show, but they also receive an invitation for their one-of-a-kind experience in the main theater with a special insider’s look backstage!

Information on next season's line-up comes in the spring!
